

Shaun + Tanny pre-wedding video (BEHIND THE SCENES)

posted by eileen on September 23, 2010

Here's a sneak of what went behind the scenes of this tedious stop-motion pre-wedding video.

Basically both Shaun and Tanny had to hold poses for a really long time, and every time Ruey Loon says "ok" they either have to move one step, or make a really small movement while holding the rest of their pose.

Ruey Loon took more than 5000 shots, so I'm guess Shaun, Tanny, Lawrence and Me had his voice ringing in our heads the entire day after the shoot.

"ok..ok..ok..ok..ok..ok..ok.."

Enjoy!

Our First Ever 3D Pre-Wedding Photo!

posted by lawrence on September 17, 2010

Lately, 3D animations and movies are everywhere. Which leads me thinking if I could come out with a 3D photo? I began to experiment on one of the recent pre-wedding photos and it works!!!

Our very first ever 3D pre-wedding photo! =)

Come on, take out your 3D glasses and give it a try

Love,
Lawrence

Awfully Sweet Thank You Card!

posted by lawrence on September 17, 2010

Before we parted ways last evening, Michelle handed me a AWFULLY SWEET self-made hand-written Thank You card. As if the gift of their friendship weren't enough, Melvin & Michelle's gratefulness is truly touching!! I slipped the card out of the envelope and it read:

Dear Lawrence,

Thanks for giving us a wonderful & memorable pre-wedding photoshoot experience! We simply enjoy it a lot! =>

Cheers,
Melvin & Michelle

It's always nice and heartwarming to receive a Thank You card every time, even though I have received countless of cards, notes or even presents during all these years. I appreciate every single one of them, not just that they are encouraging, but also assuring that my hard work to create beautiful photos for the couples had paid off.

Once again, thank you Melvin and Michelle! I am definitely hanging up your card on the wall. =)

Love,
Lawrence

5000+ photos = 1 stop motion video

posted by eileen on September 14, 2010

36Frames proudly presents.. a pre-wedding stop motion film!

So we have been a part of working out, baby montages, pre-wedding interviews and so on so forth, but we have never done a pre-wedding stop motion film.

So with our very sporty couple shaun & tanny who were very open to ideas and ready to plunge into crazy ideas, we did this film. Therefore, just like the couple, this film is slightly wacky, unrealistic, fun, random, yet telling a brief story of their growing up and how they met each other.

The making of was crazy, we shot more than 5000 photos, edited more than a month before we could finally hand this out. Tedious, but there was so much fun involved, especially when you've got Tanny acting in it, shes really posey and all out there to add a little spice to the video.

All thanks to the 36frames team, that all these was possible.

Looking forward to put up "The making of" soon.

Shaun + Tanny Prewedding video trailer

Look what's brewing in the recent month! We've been working on a pre-wedding video, pretty much involve some "stop-motioning", and a great load of editing and too much fun. So here's a 15second teaser, watch out for more stuff coming up in october!

Excitedly,
Eileen (Videographer)

36frames Wedding Photography & Videography at The Singapore National Museum

36frames was at the Singapore National Museum today for a wedding show organized by Purple Sage and Eternally Yours.

This is one of the more pleasant wedding shows we've done, the mood is really relaxing, I can feel that the couple as well as the vendors had a good time. It has been quite a while since we started working on this wedding show, so it is good to see it come to such wonderful fruition. Lois and Clarice from Eternally Yours were darlings to work with. From my experience of the way they treat their working partners, I can full heartedly recommend them for your wedding !

For this wedding show we did 4R sized instantprints. Most recent inquiries for instantprints were asking for 4R sized prints so the event gave me a good chance to test out the system and I'm really pleased with the quality of the photos. I dare they they look almost like a lab print. For a wedding event I'm confident they will stand up to the workload.

If the demand for prints is heavier, we can always hook up with a mini lab and that's what we will be doing for a MEGA 5 STATION INSTANTPRINT wedding coming on the 10th of October !

I found some nice wedding quotes online today though I'll share them with you...

Benjamin Franklin

Keep your eyes wide open before marriage, half shut afterwards.

Henny Youngman

The secret of a happy marriage remains a secret.

Leo Tolstoy

What counts in making a happy marriage is not so much how compatible you are, but how you deal with incompatibility.

Barbara De Angelis

Marriage is not a noun; it's a verb. It isn't something you get. It's something you do. It's the way you love your partner every day.

Russel Green

A wife encourages her husband's egoism in order to encourage her own.

Charles R. Swindoll

An anniversary says, "Think of the dreams you have weathered together. They are intimate accomplishments."

Zig Ziglar < --- I've read his books, makes a really nice read :)

Many marriages would be better if the husband and wife clearly understood that they're on the same side.

Beverly Nichols

Marriage is a book of which the first chapter is written in poetry and the remaining chapters in prose.

The Bible, Malachi 2:15

You were united to your wife by the Lord. In God's wise plan, when you married, the two of you became one person in his sight.

Pre wedding shoot for Yarn Chee & Valerie

posted by rueyloon on August 3, 2010

I've noticed a recent trend in our couples requesting for the Church to be one of their pre wedding shoot locations.

I'm glad to know that the Church and God is playing a big part of their lives together. I heard my next shoot is going to be in a dentist's clinic so keep an eye out for that shoot !
